Rhode Island Infrastructure Bank

Rhode Island Infrastructure Bank (the Bank) is the state's central hub for financing infrastructure improvements for municipalities, businesses, and homeowners. Over the past 30 years, the Bank has invested over \$2 billion in local infrastructure. In addition to the Bank's legacy clean-, drinking-water, and transportation-based programs, the Bank also supports energy efficiency and renewable energy, brownfield remediation and water quality protection lending.

Also noteworthy is that the Bank is a signatory of the Green Bond Pledge. In doing so, the Bank has reinforced its commitment to financing projects that directly account for environmental impact and climate change. Finally, furthering its commitment to increasing overall investment in clean energy, the Bank is a member of the Green Bank Network. The Network is a global group of financial institutions dedicated to mobilizing private investment in clean energy and climate resilient infrastructure.

Internship Posting – Summer Analyst, Program & Business Development

Rhode Island Infrastructure Bank seeks a paid, full-time (37.5 hours weekly) summer intern for the 12± week position of Analyst, Program & Business Development. The focus of this internship will center around assisting the Program and Business Development team in its marketing and research initiatives. Responsibilities will include collaborating with the Bank's marketing communications firm, conducting market research (both primary & secondary), and stakeholder outreach. Furthermore, the selected candidate will participate in data collection and analysis, to identify underserved markets in Rhode Island's Infrastructure lending space. Additional responsibilities may include structuring and development of a lending product to fill a previously identified market gap.

Also, candidates will be expected to assist the Managing Director and other staff members in the daily operations of the Bank's various financial products. Candidates will be given the opportunity to meet major public and private stakeholders in Rhode Island's infrastructure industry to facilitate their research. Candidates will be encouraged to take on responsibilities that align with both their own personal interests and the pursuits of the organization.

An internship with the Infrastructure Bank is an exciting opportunity to gain valuable experience at the frontier of the emerging field of green banking in an innovative and supportive work environment. We are seeking candidates with a strong interest and experience in water, clean energy, and green infrastructure policy and finance, strategic management, and stakeholder engagement.

Required Qualifications:

The candidate will be expected to:

- Be currently matriculated in a Bachelor's, Master's or other post graduate degree program relevant to public policy, business management, finance, design, environmental science, or other
- Possess demonstrated interest in infrastructure, climate policy and/or finance through their coursework, work experience and/or extracurricular activities

- Adhere to all rules and regulations required of Bank staff
- Maintain a level of professionalism and integrity appropriate of a contributing member of the team and organization

Additional Preferred Qualifications:

- Mastery in the Microsoft Word, Excel, PowerPoint, Outlook and other software programs as necessary
- Familiarity with data analytics
- Demonstrated stakeholder engagement skills

Compensation, Location, and Term

We are offering paid (and credit upon evaluation) internships for the summer of 2021. The internship will be located at the Bank's office in Providence, RI or remotely if public health conditions have not improved. This internship will commence in mid-May and last through mid-August (dates negotiable).

To Apply

If you would like to apply for this position, please email careers@riib.org with your resume and cover letter by March 31st, 2021.

Please share specific work experience(s), academic accomplishment(s), and/or sufficient aptitude relevant to the pursuit of the position description above.
