

**SOUTHERN SKY
RENEWABLE ENERGY RI**

**September 17, 2018
Rhode Island Infrastructure Summit**

Overview – By The Numbers

Southern Sky is the region's leader in developing solar energy and renewable power.

- Largest solar developer in Rhode Island with the most panels installed (**over 100,000**).
- **45 MWs** solar systems installed in Rhode Island and Massachusetts, of which **38 MWS** are landfills and brownfields
- **60 MWs** solar systems installed and or under construction in Rhode Island
- Pipeline of over **296 MWs** of solar systems in the northeast

The solar projects ... include a 21.5-megawatt array in western Cranston that, when completed later this year by Warwick-based Southern Sky Renewable Energy, will be the largest solar development in Rhode Island.

- *Providence Journal,
May 10, 2018*

Overview – Company Background

- Privately held Rhode Island LLC which employs Rhode Island licensed contractors
- Finance and tax credit experts with over **30 years** of experience
- Experts in virtual net metering credit transaction structuring for over **10 years**
- Premier solar systems developer in the **Northeast solar market**

Local Experience – With Power Off-Takers

- City of Providence
- City of Warwick
- Town of North Providence
- Town of Johnston
- Town of Lincoln
- Johnston Housing Authority

Experience in Massachusetts:

- 30MWs financed, developed and installed

Local Experience – With Approvals / Permitting

- City of Warwick (2)
- City of Cranston (2)
- Town of Johnston (3)
- Town of North Providence
- Town of Lincoln
- Town of Glocester
- Town of Richmond (2)
- Town of Hopkinton (3)

Over \$75 million in projected energy cost savings for our partners

Reduced emissions equal to 7,700 cars off the road

Offset the emissions from 39 million lbs of coal

Solar Systems Installed in Massachusetts – Landfill Sites

6 former landfills converted to renewable energy

130 acres -- 31.5 Million kWhs annually

5,000 cars off the road -- offset the emissions from 25 million lbs of coal

Ravenbrook Landfill

6.0 MW

Carver, MA

Power Off-Taker:

Cape Cod Hospital

Canton Landfill

5.8 MW

Canton, MA

Power Off-Taker:

Town of Canton

Hudson/Stow Landfill

5.8 MW

Hudson, MA

Power Off-Taker:

**Hudson/Stow Lighting
Plant**

Solar Systems Installed in Rhode Island – Landfill & Brownfield Sites

Rhode Island sites have:

80 acres -- 16.6 Million kWhs annually

2,700 cars off the road -- offset the emissions from 14 million lbs of coal

**Kilvert Street
Brownfield**
6.25 MW
Warwick, RI
Power Off-Taker:
City of Warwick

'A' Street Landfill
3.90 MW
Johnson, RI
Power Off-Taker:
Town of Johnston

North Prov. Landfill
2.60 MW
North Providence, RI
Power Off-Taker:
**Town of North
Providence**
